

Box and Mailer

## Decorative Box and Mailer

The theme for the decorative box and mailer is 8-Bit Video Game Birthday with vector icons and fonts. The font used is Hydrophilia Iced (Regular) for the pixelated style to match the 8-Bit theme. The main colors are black (represent the video game screen) and white (contrast with brick lines and skull). The other colors are for contrast and variety, such as red (heart, "Game Over" text and red button), yellow (coin, trophy, "Bonus" and lines around "Happy B-Day!"), cyan blue ("Happy B-Day!" text), dark blue (button on controller), green ("Level-Up with an up arrow and button on controller) and gray (game controller).
